

# Building what matters.

## Our exciting FamilyMatters Capital Campaign!

**Over the last decade, we've learned a lot about what this community needs. The challenges it faces, where our place within it lies, and the opportunities to do even more.**

We're thrilled to announce a transformational gift that will allow us to create the The Linda & Don Brodie FamilyMatters Center. Our new permanent 28,000-square-foot home in King of Prussia will be a safe space for children and families facing crisis, trauma, and overwhelming life challenges.

Set to open in late 2025, the new Center will reflect our mission, to keep families safe, strong and together by empowering them with the resources, skills and guidance they need to overcome obstacles.

Designed with compassion and purpose, the Center will allow us to strengthen more families, expand our existing programs, and create new ones all in an effort to deepen ties and relationships within the community and to do more of what matters.

We're offering meaningful naming opportunities starting at \$25,000, with flexible payment options. For those who have included FamilyMatters in their estate plans, a naming opportunity can also be partially secured through an irrevocable planned gift.

To make your name forever be a part of our children's lives,  
please see the Capital Naming Opportunities on the back.

## FamilyMatters Capital Naming Opportunities\*

FamilyMatters Center Exterior <b>(Named)</b> .....	\$12,000,000	Respite Laundry .....	\$72,000
